Dear Neighbour

Castle Rock School – New Build

The project will initially see the construction of a new teaching block and levelling of the grass sports pitches which will provide a modern and sustainable teaching facility. After occupation of the new building several of the redundant buildings will be demolished to make way for a multi-use games area.

I am writing to introduce GRAHAM and myself, David Holbrook, responsible for the day-to-day running of the project supporting our Senior Project Team.

During the time that the above works are being undertaken, we will endeavour to ensure that everything is carried out to make the process as neighbour friendly as we can.

Should you have any queries or concerns regarding the site, please contact me on the following email david.holbrook@graham.co.uk please also contact my colleague Pamela Green, Social Value Business Partner, on pamela.green2@graham.co.uk who will be available to answer any queries that you may have from a community level.

GRAHAM has also created a dedicated project microsite that will be updated regularly with relevant information. **Scan the QR code to visit the microsite.**

GRAHAM is an active member of the Considerate Constructors Scheme and full details of the Scheme are posted near to our site entrance for your information. Please find enclosed a flyer which contains information on the Scheme and explains what it means for our company to be registered.

I also attach a questionnaire to get your views on whether we are being a good neighbour. Please complete, and we will collect on 27th March 2026.

As you will have noticed, we have taken all steps possible to ensure that the protection of the public is maintained at all times, however if there are any concerns, please do not hesitate to contact us.

Yours faithfully,

David Holbrook
Project Manager
