The Castle Rock School

Construction Phase Newsletter

Issue 4 | September 2026

Welcome to the 4th edition of our monthly newsletter, keeping you up to date on the developments on The Castle Rock School project.

Updates in the last month

Progress Photos

Grass Pitch

New Building

Precast Floor Plank Installation

Utility Works

Severn Trent will be completing a water connection outside the school boundary from the 2-4 September. The works are taking place where the footpath from Castle Rock Drive meets Meadow Lane. A pedestrian diversion will be installed while the works are taking place. We apologise for any inconvenience caused while the works are being undertaken.

Key Notes

We do not anticipate the need to work on a Saturday this coming month, however, should this change, we will advise accordingly.

Spotlight on Careers

Student Work Experience Placement

Last month, we welcomed Ryan Gollins to site for a work experience placement as part of his school's "Week in the Life of Your Parents or Care Givers" initiative. Ryan chose to shadow his dad, Simon Gollins, Construction Manager at Castle Rock School, to learn more about the construction industry and experience a typical working week on site.

Throughout his time with us, Ryan observed various aspects of site management, including planning daily activities, monitoring progress, and supporting site safety. It was a great opportunity for Ryan to gain insight into the working environment and see first-hand the skills and responsibilities involved in Simon's role.

Normal site hours

Monday to Friday: 7.30am-6.00pm
Saturday: by prior notice (by exception and project needs) will be informed via microsite and newsletter updates

Microsite and newsletter

To access our microsite, please scan the below QR code. Newsletters will be uploaded here.
